

ONSITE Medical Service, Inc.

Superior Testing. Professional Services. VERY Satisfied Clients.

Health & Safety Programs

The Benefits of Partnering with Onsite Medical Service, Inc.

ONSITE Medical Service, Inc.

For Your Convenience

We bring the clinic to you.

Scope of services

- Audiometric testing meeting OSHA 1910.95 standards.
- Respirator medical evaluations meeting 1910.134 standards.
- Respirator Fit-Testing: Qualitative & Quantitative.
- Custom-molded hearing protection.
- Noise surveys:
 - Sound level metering
 - Dosimeter testing

Leverage our services

- We help you stay compliant with regulations as they change!
- Our solution – an easy to understand report with everything in one place.
- We offer this for both
 - Audio reports
 - Medical evaluation reports

Quality Equipment

We meet and often exceed OSHA standards!
Sound rooms surpassing OSHA regulations and ANSI recommendations.

***State-of-the-Art
Equipment & Software***

Benefits To You

- Peace of mind knowing everything is in complete compliance.
- Save Time & Money:
 - Minimal disruption to production and flexible scheduling.
 - 36 employees per hour – or by your timeline
 - No hidden charges or extra fees for record updating.
 - Quick, confidential reporting.
 - Work-relatedness determinations made.
 - Individual sound booths, not a group room.
 - Custom-molded hearing protection available.

The Highest Quality

- Ability to view past audio data while current testing is in progress.
- State-of-the-art, industrial audiometric equipment and software.
- CAOHC certified technicians.
- 95% customer retention rate for the last 10-years.
- Outstanding attention to detail from scheduling to the final report.
- Comfortable setting for your employees:
 - Individual sound rooms and individual attention.
- A quality testing environment equals less standard threshold shifts.
- Professional review by a doctor of Audiology or Medicine.

Our Commitment To You

Partnering with us means...

- Staying within your budget restraints.
- Ensuring your programs are in compliance at all times.
- Providing a professional testing experience that reflects well on your company.
- An enjoyable testing experience with patient and professional technicians.
- Having very minimal disruptions to your production schedule.
- Offering the most accurate testing available.
- Documentation including clear concise reports in the event of an audit.
- Encouraging a safety-first culture.

What Makes Our Vans Different

- Each semi tractor has a Honda EU 6500 watt generator . This generator produces only 68dba and can power an entire van with full a/c and heat if an outside power supply is unavailable.
- Each mobile van carries a second computer system and backup audiometers to maintain the schedule in the event of equipment failure.
- Acoustic foam absorbs and reduces unwanted noise.
- Metal stud framing with double-wall OSB board and vinyl loaded mass barriers were key in the construction of our vans. These products ensure outside and unwanted noise are reduced.

Proven Track Record

- Founded in 2001. Our first client is still a client.
- Over 15 years of experience in the industry.
- Currently serve over 450 clients in 8 states.
- Keeping Minnesota's largest employers in compliance.

NATIONAL HEARING CONSERVATION ASSOCIATION

- A+ rated Better Business Bureau company.
- Member National Hearing Conservation Association.

Testimonials from Clients

Onsite Medical has been instrumental in providing us with important segments of our safety program. For several years, they have done our annual audiometric testing and more recently assisting with our respirator program.

~Bob McDermott, Controller, Gauthier Industries, Inc.

Whether it is hearing conservation training and hearing exams or the respirator fit tests, Onsite Medical Services, Inc. takes the initiative to be sure that their customers are satisfied. We will continue to use Onsite Medical Services, Inc. in the future for our training/testing requirements. *~Kevin Matzke*

What an easy way for a company to do their hearing tests! *~Heather Kreier, Hiat Manufacturing*

On-site Medical provided excellent, fast, CONVENIENT service for MCE & our employees. Their mobile truck set-up was impressive and worked extremely well; providing on-the-spot results. *~Jody M Rhoades, Human Resources Manager, Mid-Continent Engineering*

They guide us through the OSHA requirements and process if you have someone with a confirmed threshold shift. *~Doug Roob, Nahan Printing*

Onsite Medical Services also completes our audiometric testing and training as well as our respiratory evaluation and pulmonary function testing. We are pleased with the efficiency of the testing, the reporting and the customer service they have provided. *~Jerrie Mead, Occupational Nurse, Polaris Industries, Inc.*

We have been using Onsite Medical Service, Inc. for our annual respiratory and audiometric testing since 2002. Test results are always thorough, categorized and easy to read and understand. *~Kevan J. Sanders, Safety Manager, Productive Alternatives, Inc.*

We have used other services in the past and found that Onsite offers quality testing for a lower price than its competitors. We highly recommend using Onsite Medical for your testing needs. *~Stephanie De Bauche, Office Manager, Solar Plastics, Inc.*
